

In Chippewa Valley Schools, we believe that student learning and strong community relationships are essential for success.

- All students will be challenged and supported to reach their full potential.
- All students will learn in a supportive environment that promotes creativity, growth, and individuality.
- All students will receive consistent, comprehensive, research-based instruction.
- All students will attend a school that is warm, welcoming, safe, and conducive to learning.
- All students will benefit from data-driven instructional decisions.
- All students will have access to equitable resources.
- All members of the Chippewa Valley community should feel welcomed, engaged and valued.

A collaborative community partnership is crucial for our goals to be achieved.

Our Vision:

Chippewa Valley Schools--Setting the Standard for Educational Excellence

Our Mission:

Inspiring and empowering learners to achieve a lifetime of success

Strategic Plan involves all district stakeholders

In early 2015, Chippewa Valley Schools embarked on a comprehensive strategic planning process engaging a 75-member committee comprised of students, parents, staff members, business and community leaders.

Time was spent learning about our district, analyzing best practices in education, and reviewing feedback and survey data from community and staff. The group met several times to establish goal areas that will help guide our future success.

The participation of all community stakeholders was instrumental in developing this strategic plan document that was approved by the Chippewa Valley Board of Education.

**Strategic Planning Guide
2015 - 2019**

Chippewa Valley Schools Strategic Plan

Curriculum and Instruction

Each Chippewa Valley School's student will demonstrate creativity, critical thinking, collaboration, and communication skills to succeed in a competitive, ever-changing world.

Goal 1: Integrate oral and written communication skills in all curricular areas

Goal 2: Implement cooperative learning and student collaboration

Goal 3: Ensure the development and implementation of multi-tiered systems of support

Goal 4: Review and investigate program options to increase choice, provide relevance, and to ensure equity

Goal 5: Create opportunities for students to develop comprehensive technological skill sets

Goal 6: Investigate and implement project-based learning to increase relevancy and critical thinking

Culture

In Chippewa Valley Schools we will enhance our community by embracing and celebrating diversity; connecting students, families, and community.

Goal 1: Improve communication with all school community stakeholders

Goal 2: Foster a welcoming atmosphere where all community members feel a sense of pride and connection to our school district

Goal 3: Develop programs to enhance connections between parents, community members and service groups to help them gain knowledge of our district and play an active role in our school community

Goal 4: Research, plan and implement professional development opportunities for school staff that increase cultural awareness and student support strategies

Goal 5: Investigate, plan and expand programs for all students that ensure opportunities for cultural awareness and positive behavior supports

Goal 6: Provide social support for new students and mentoring program partnerships

Technology

In Chippewa Valley Schools we will seamlessly integrate technology throughout the district in order to continually modernize the educational experience.

Goal 1: Create an environment in which each student has and uses an internet-enabled device to facilitate their learning

Goal 2: Provide professional development modules that offer staff training anywhere and anytime

Goal 3: Embed modern technological tools with other district professional development goals

Goal 4: Provide systematic training and exceptional support to enhance instruction and ensure success

Goal 5: Implement integrated instructional technology to support and enhance instruction

Goal 6: Utilize technology to educate, engage, and inform our community

Professional Learning

Chippewa Valley Schools will advance the culture of professional learning to deliver a world-class education.

Goal 1: Professional learning will be structured allowing for more consistent and sustainable sharing and implementation

Goal 2: Professional learning will be balanced and include employees in activities specific to their role

Goal 3: Professional learning will be high quality, personalized, employee-driven, and reflective

Professional Learning is paramount in everything we do. By employing these strategies we will ensure the success of our Strategic Plan.
