## **CARE SUMMER NEWSLETTER and SUMMER CAMP**

[Click here](#) to view the Stepping Stones summer newsletter.

**PLEASE NOTE:** This August, CARE, a local substance abuse prevention agency, is offering a free (including breakfast) Youth Support Summer Camp experience (8 sessions) for children and teens concerned about a family member's use of alcohol and/or other drugs.

The camp is intended to build coping skills and provide age-appropriate information on issues related to addiction. This information and support can be a lifeline for children/teens who live in a family where addiction is an issue. A parent/caregiver group (with childcare) is provided, but not required.
