

## Destination Imagination

*We hope to get more students involved in this amazing program. The program is open to K-12 students. If you have any questions or would like to get involved (Team Manager, Appraiser, volunteer, etc.), please feel free to reach out to me.*

Kristen Kummerl, Coordinator - CVDI, [chippewavalleydi@gmail.com](mailto:chippewavalleydi@gmail.com), 586-201-1229.

Students form teams of up to seven members. Teams meet once each week to work together to develop a solution to their selected Challenge. Each team has at least one Team Manager (often a parent or teacher) who helps keep the team on track but does not assist or interfere with the team's solution.

The DI Challenge Experience is 100% student-driven. Our academic Challenges are designed to teach the creative process – a system of learning that is at the root of innovation and a child's ability to bring an idea to life. Each season, we offer seven new and engaging Team Challenges – Technical, Scientific, Engineering, Fine Arts, Improvisational, Service Learning, and Early Learning – that encourage students to explore their passions, discover their unique talents and abilities, and learn new skills. Teams also participate in Instant Challenges – quick, creative and critical thinking exercises that build teamwork and problem-solving abilities. There are many new and exciting announcements as well as hands-on activities for kids. Join us!
